

## **Franklin the Elephant**

I am Franklin, the little elephant  
I live on the savanna on the African continent  
I am growing bigger, I really like to eat  
When I walk through the grass it tickles my feet

I am Franklin, the elephant  
I am happy all day long  
I am Franklin, the elephant  
Come and listen to my song

I love to play, to sing and laugh  
My best friend is tall, he's Lincoln giraffe  
I count to 10, I don't even peek  
I always find him when we play hide and seek

I am Franklin, the elephant  
I am happy all day long  
I am Franklin, the elephant  
Come and listen to my song
